Mr. Speaker then said:—

MAY IT PLEASE YOUR HONOUR:

We, Her Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill intituled, "An Act for granting to Her Majesty certain sums of money for the Public Service for the fiscal year ending the 31st day of March, 1976."

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"The Honourable the Lieutenant Governor doth thank Her Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in Her Majesty's name."

The Honourable the Lieutenant Governor was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of the Legislative Assembly:

I am pleased to address you at the close of this First Session of the 30th Parliament of Ontario.

The Government's business has embraced the establishment of a framework for Ontario's participation in the national anti-inflation program over the next two years, as well as the enactment of legislative items of pressing importance.

The Ontario position on Canada's anti-inflation program was enunciated in the Legislature on October 30th. Ontario has elected to place its public sector under the direct authority of the Federal Anti-inflation Board as the only way to ensure that the guidelines are uniformly applied throughout Canada.

Ministers of Government have been holding discussions with leaders of the various sectors of the economy to seek their co-operation in adhering to the principles of the anti-inflation program. In the new year, similar discussions will take place with local government authorities and school board officials throughout the province.

The Province of Ontario is itself committed to making further economies in the crucial area of government spending and has announced major initiatives to help achieve this. They cover:

- reduced borrowing of funds by Ontario Hydro,
- extension of the present freeze on public service complement,
- freezing salaries of senior civil servants to the end of 1976,
- placing limits on provincial assistance to local governments,
- and adoption of a provincial expenditure growth target of 10% for 1976-77.

At the same time, Provincial grant limits for 1976-77 have already been announced to give the various public agencies and institutions adequate time to prepare their budgets accordingly.

In the past year, Ontario's economy felt the effects of the continuing international economic recession. While conditions improved toward the

end of the year, real growth will this year be slightly lower than the level for 1974.

Output in Ontario manufacturing industries was hurt by two main factors: a slowdown in housing construction throughout the country affected the production of durable goods in Ontario; and the province's automobile industry was harmed by poor American demand.

Over 111,000 new jobs have been created in Ontario since January 1975. However, because of significant increases in the size of the labour force, growth in employment has not kept pace with the number of people seeking jobs. Young people and women in particular have had difficulty finding employment.

Ontario looks ahead to improved economic performance to help create more new employment. Ontario and Canada look to the national program of wage and price restraints to moderate inflation. The Government's appeal cannot be too strongly emphasized nor too often repeated that all Ontarians are urged to do their part to help make the national anti-inflation effort a success.

It continues to be the policy of the Government to encourage public reviews of matters of vital public import. During this Session, two such key issues were referred to Select Committees of the Legislature: Ontario Hydro's proposals for increases in bulk power rates next year, and the question of rent review.

In the first instance, the requirements and interests of industrial customers, municipal utilities, the general public and Ontario Hydro itself have been fully taken into account. All parties concerned can be reassured that a final decision will have been based on proper consideration of all the issues.

Similarly, the work of the Select Committee on Rent Reviews and Tenant Security has made a notable contribution to the enactment of legislation which, while aimed primarily at ensuring fair treatment of tenants who may face unreasonable rent increases, has sought to achieve an accommodation that is equitable to both tenant and landlord.

In other legislation, an amendment to the Assessment Act will bring some relief to owners of high-rise condominium or co-operative apartments through lower assessments and resulting lower property taxes.

Guidelines issued last month to the Ontario credit-rating industry established a code of reference aimed at providing women equality of access to credit.

Effective January 1st, 1976, Ontario will become the first province in Canada to require mandatory use of automobile seat belts. It is greatly expected that this measure, together with new lower speed limits, will save on Ontario's energy consumption

bill, on the Province's hospital and medical care costs and, most important, will save many Ontarians from injury or death on our highways in the years ahead.

The swearing-in of Ontario's first Ombudsman on October 30th added an honoured democratic tradition to the administration of government in the province. Ontario proudly joins seven other Canadian provinces in the establishment of this office which will provide greater protection than ever before for the individual rights of all Ontario residents in relation to the Government.

The fifth report of the Ontario Commission on the Legislature, published this fall, concluded a task set by unanimous agreement of the Members of this House three years ago. It remains of the highest importance that the processes of the Assembly be in keeping with the times if this body is to serve the people of Ontario in the best way possible. Several recommendations in the earlier reports have been implemented and a Select Committee has been considering the final document. On your behalf, I wish to thank the Commissioners for their unflinching efforts in carrying out this assignment.

On November 20th, the report of the Government's Special Program Review Committee was tabled, the result of a 6-month examination of provincial expenditures. The overall objective is to achieve improved productivity in government and restrain the growth of government spending.

While it is patently clear that government spending in Ontario must be restrained, it is also the responsibility of the Government to continue to provide the services that people need. The Government is hopeful that internal efficiency measures using existing human and physical resources, and expansionary initiatives in the private sector can together achieve a better balance in providing for the needs of the people of Ontario. The Committee's 184 recommendations have potential consequences for all Ontarians, and public response to the report is sought prior to the Government's determination of implementation decisions.

Honourable Members, I thank you, in our Sovereign's name, for your diligence in the performance of your duties, and for the many accomplishments of this relatively short Session.

In declaring the Session prorogued, I wish to join with you in expressing Season's Greetings to all the people of Ontario, and I pray that you will have a safe and enjoyable holiday with your families and friends.

God bless the Queen and Canada.

The Government House Leader then said:—

Mr. Speaker and Members of the Legislative Assembly:

It is the will and pleasure of the Honourable the Lieutenant Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

RODERICK LEWIS, Q.C.,
Clerk of the Legislative Assembly
of Ontario.

Definitions

"Residential Premises" - refers to the premises which are the subject of this application and means:

- any premises used or intended to be used for residential purposes, and
- land used as a site for a mobile home used for residential purposes.

"Rent" - includes the amount of any consideration paid or given or required to be paid or given by or on behalf of a tenant for occupancy of residential premises and for any service, privilege, accommodation or thing that the landlord provides for the tenant, whether or not a separate charge is made for such service, privilege, accommodation or thing.

On this form the rent requested is divided into Unit Basic Rent and Separate Charges. Unit Basic Rent means the rent charged for the residential premises and does not include any separate charges payable to the landlord for a service, privilege, accommodation or thing. For example, if a tenancy agreement states that the monthly rent is \$200.00 plus \$20.00 for parking, you should put the \$200.00 under Unit Basic Rent and \$20.00 under Separate Charges. However, if a tenancy agreement states that the monthly rent is \$220.00 including the use of parking space (and the agreement does not state what portion of the \$220.00 is allocated to parking space), you should put the \$220.00 all under Unit Basic Rent.

"Tenancy Agreement" - means an agreement between a landlord and a tenant for possession of residential premises, whether written, oral or implied.

Note

The use of tetracyclines during tooth development (last half of pregnancy, infancy and childhood to the age of 8 years) may cause permanent tooth discoloration (yellow-gray-brown). This reaction is more common during long-term use of the tetracyclines, but has been observed following short-term courses. Enamel hypoplasia has also been reported. Tetracycline drugs, therefore, should not be used in this age group unless other drugs are not likely to be effective or are contraindicated.

Hypertension - Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static, it must be re-evaluated as conditions in each patient warrant. Adapted from F-D-C Reports, Sept. 11, 1972, p.8 (FDA Cardiovascular Advisory Committee).

Note
A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static, it must be re-evaluated as conditions in each patient warrant. Adapted from F-D-C Reports, Sept. 11, 1972, p.8 (FDA Cardiovascular Advisory Committee).

Treasurers' Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

CORPORATION OF THE COUNTY OF RENFREW

To WIT:

If an adjourned sale is necessary it will be held at the same place and hour on Monday, the 7th day of June, 1976.

Property tax or rent paid in respect of a second residence or cottage may not be included in occupancy cost.

Receipts for 1975 rental payments or property tax bills are not required to be filed with the return but must be retained for examination on request. Receipts must be submitted for rentals and property tax bills applicable to prior taxation years which were paid in 1975.

Sales Tax Credit

The Ontario Sales Tax Credit may be claimed by all individuals resident in Ontario on 31st December, 1975, **except**

Where both spouses are 65 or over and neither spouse has a taxable income, the Pensioner Tax Credit must be claimed by the same spouse who is claiming the Property Tax Credit, except when no Property Tax Credit is being claimed; in which case either spouse, but not both of them, may claim the Pensioner Tax Credit.

Principal residence includes a temporary residence such as a hotel room which was occupied continuously by the individual for all or part of the year, and also includes a mobile housing unit such as a trailer which was used as the principal residence of the individual. For persons who move, the principal residence includes all housing units (or addresses in Ontario) occupied or inhabited by the person during the taxation year.

Déclaration et attestation

Je déclare par les présentes que durant l'année d'imposition 1975, ma résidence principale était située à l'adresse ou aux adresses suivantes:

(Numéro, rue ou n° de R.R., municipalité, province)

Je certifie que les renseignements donnés ici sont vrais et exacts.

Règles et indications générales concernant les crédits d'impôt foncier, de taxe sur les ventes et d'impôt aux pensionnés

Crédit d'impôt foncier

Le crédit d'impôt foncier de l'Ontario peut être demandé par tous les particuliers qui étaient résidents de l'Ontario le 31 décembre 1975,

sauf

- a) les personnes âgées de moins de 16 ans à la fin de 1975, et
- b) les personnes âgées de moins de 21 ans à la fin de 1975 qui habitent à la maison et sont déclarées à charge.

Le crédit d'impôt foncier doit être demandé par le conjoint ayant le revenu imposable le plus élevé.

Pour déterminer le coût d'habitation, vous ne devez compter que l'impôt foncier ou le loyer de votre **résidence principale**. Vous ne pouvez faire entrer dans le coût d'habitation l'impôt foncier ni le loyer d'une deuxième résidence ou d'un chalet. Vous n'êtes pas tenu de produire avec la déclaration les reçus de loyers ou d'impôts fonciers pour 1975, mais vous devez pouvoir les produire sur demande. Cependant, vous êtes tenu de produire les reçus de loyers et d'impôts fonciers payés en 1975 qui se rapportent à des années d'imposition antérieures.

Crédit de taxe sur les ventes

Toute personne résidant en Ontario le 31 décembre 1975 peut demander le crédit de taxe sur les ventes de l'Ontario, **sauf**

- a) les personnes âgées de moins de 16 ans à la fin de 1975, et
- b) les personnes déclarées à charge aux fins de l'impôt sur le revenu par tout autre résident de l'Ontario.

Crédit d'impôt aux pensionnés

Toute personne qui était âgée de 65 ans ou plus à la fin de 1975 et qui résidait en Ontario le 31 décembre 1975 peut demander le crédit d'impôt aux pensionnés de l'Ontario, **sauf** que, dans le cas où le mari et la femme étaient âgés tous deux de 65 ans ou plus à la fin de ladite année et habitaient la même résidence principale, seul le conjoint ayant le revenu imposable le plus élevé peut demander ce crédit.

Lorsque les deux conjoints sont âgés de 65 ans ou plus et qu'aucun n'a un revenu imposable, le crédit d'impôt aux pensionnés doit être demandé par le conjoint qui demande le crédit d'impôt foncier, mais si aucun n'a demandé le crédit d'impôt foncier, le crédit d'impôt aux pensionnés peut être demandé par l'un ou par l'autre, mais non par les deux. Lorsqu'un seul des conjoints est âgé de 65 ans ou plus, c'est ce conjoint qui peut demander le crédit.

Résidence principale

La «résidence principale» désigne le logement que l'on a habituellement occupé ou habité pendant l'année d'imposition. Elle comprend une résidence temporaire, par exemple une chambre d'hôtel que le particulier a occupée de façon continue pendant la totalité ou une partie de l'année, et comprend également un logement mobile, comme une roulotte, lui ayant servi de résidence principale. Dans le cas d'une personne qui déménage, la résidence principale comprend tous les logements (ou les adresses en Ontario) qu'elle a occupés ou habités pendant l'année d'imposition.

On doit faire un calcul proportionnel du montant annuel des impôts fonciers ou du loyer afin de ne compter que la période pendant laquelle un logement a servi de résidence principale.

Coût d'habitation

Par «coût d'habitation», il faut entendre

- a) la totalité de l'impôt foncier versé à l'égard de la résidence principale pour l'année d'imposition, ou
- b) 20% du loyer total (à l'exclusion de tout montant payé pour les repas ou la pension) versé à l'égard de la résidence principale pour l'année d'imposition.

Conjoint ayant le revenu imposable le plus élevé

Lorsque les conjoints habitent la même résidence principale, le crédit d'impôt foncier et (ou) le crédit d'impôt aux pensionnés de l'Ontario doivent être demandés par le conjoint ayant le revenu imposable le plus élevé, quel que soit celui qui détient le titre de propriété de la résidence principale.

Personnes qui poursuivent des études de niveau post-secondaire

Lorsque la résidence principale d'un particulier qui poursuit à plein temps des études de niveau post-secondaire se trouve dans un logement (prescrit par les Règlements) tenu par une université ou un collège de l'Ontario, le coût d'habitation à l'égard de cette résidence est limité à \$25.

CITY OF TORONTO

APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of The City of Toronto, application will be made to the Legislative Assembly for the Province of Ontario at its next session for Special Legislation to provide:

1. That the City may by by-law assume, from year to year as it falls due, the whole or any part of an owner's portion of a special assessment made in respect to the cost of works done under the authority of a by-law passed pursuant to *The Local Improvement Act*, and upon such by-law being passed, the owner shall be relieved from payment of such special assessment or the part thereof so assumed by the City. The proposed legislation will further provide that neither the assent of the electors nor the approval of the Ontario Municipal Board is required in respect to such by-law.
2. That by-laws dealing with permit parking on City streets would no longer be subject to the approval of the Ministry of Transportation and Communications.
3. That by by-law the City may authorize and person therein named or anyone acting on his behalf to enter on any property to inspect and examine any tree which he believes is in a condition creating an immediate hazard to persons and property, and to remove such tree or otherwise remove the condition creating the hazard, without notice or compensation. When acting under the authority of such by-law, the City will not be liable if reasonable skill, care and judgment are exercised. Any person who is obstructed in doing what is authorized by such by-law may call for the assistance of any constable, and any constable so called has a duty to render such assistance. The City shall

have a lien for any amount expended by it or on its behalf under the authority of such by-law, and such amount may be collected in like manner as real property taxes, however, the City may provide such services at its expense in respect to properties owned by any class or classes of persons.

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its next session, for Special Legislation to provide:

1. That the City may pass by-laws which prohibit the refusing of a blind person entry to, use of or accommodation in all residential accommodation, conveyances, eating places, lodging places, places of amusement and all places to which the public is invited or has access, by reason only that such person is accompanied by a dog guide. In addition, any such by-laws may prohibit the charging of a fee in respect to a dog guide. 1. That the Applicant, Burley Bus Lines Limited did not operate contrary to its operating authority, but that the Applicant operated in accordance with precedent set by the Board in the decision of Nicol Kingsmill, Esq., Q.C., Vice-Chairman, dated April 16, 1974, wherein the Vice-Chairman stated that notwithstanding the Brantford Public Utilities Commission maintained public vehicles within ten (10) miles of the Town of Paris and was a public vehicle operator as defined in subsection 1 (g) of *The Public Vehicles Act* in that the Brantford Public Utilities Commission operated a line run from Brantford to Paris, The Town of Paris was "open territory".

The following application for a certificate under *The Public Commercial Vehicles Act*, R.S.O. 1970, Chapter 375, will be heard by the Ontario Highway Transport Board, at its Chambers, Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario, on Wednesday, the 14th day of April, 1976, at 10 a.m. (E.S.T.):

2. That although the Canada Coach Lines Limited stored and maintained public vehicles within ten (10) miles of the Town of Dundas, because they did not store and maintain nor were they able to provide a forty-seven (47) passenger, air-conditioned, washroom equipped vehicle as requested, the Town of Dundas is "open territory" as contemplated by subsection 12 (1) (b) of Regulation 762 of *The Public Vehicles Act* insofar as forty-seven (47) passenger, air-conditioned, washroom equipped vehicles are concerned.
3. That the Town of Dundas being "open territory" insofar as forty-seven (47) passenger, air-conditioned, washroom equipped vehicles are concerned, the Applicant, Burley Bus Lines Limited, had charter privileges out of the Town of Dundas on the date in question for the forty-seven (47) passenger public vehicles utilized.
